WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength of delicacy, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and simplest.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention'd improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - Waltham, Mass.
Amn. Watch Co. - - - - - Waltham, Mass.
American Watch Co.,
Crescent St., - - - - - Waltham, Mass.

Based on Science. Prepared with skill, and all the available ingenuity and experience, that the art of pharmacy of the present day can contribute. And

Known in the history of Medicines for

PURIFYING THE BLOOD,

NUTRITION TO THE SYSTEM,

Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing his last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end. It was the deadly leaden. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely festering on to an untimely end, in suffering. Agony, Wretchedness, and

Ignor nce of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unaware, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention, becomes

The emaciated form—the trembling frame?

The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?

The answer is simple and covers the whole ground in all its phases, viz: the

The INDISCRIMINATE VACCINATION during the late war, with diseased lymph has

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like hornets of corn, are withered, disinfected and eradicated and the diseased parts nourished into life. THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR

THURSDAY, MAY 19, 1870.

DEATH OF HON. JOHN H. BRYAN.

This distinguished citizen of North Carolina died at his residence in this city, to-day, at 1 o'clock, P. M. He was born in Newbern, in 1780, and consequently was in the 72nd year of his age.

Mr. Bryan was educated at Chapel Hill, where he graduated with great distinction at an early age. What his fellows and preceptors said of him would have given reputation even to an older man.

He chose the law for his profession, but was early elected to the Legislature of the State, and then to a seat in Congress, where he served during the administration of the younger Adams, and was the youngest member of that body at the time. His maiden speech in Congress is said to have elicited the commendation of John Randolph.

After serving two terms in Congress he voluntarily retired from political life, and, next to the joys and sweets of a quiet home life, seemed to prefer the practice of the law, to all other pursuits. His brethren of the Bar will testify that they never knew a fairer man in argument, nor one more just in purpose. He looked upon debate as an intellectual contest to elicit Truth.

Mr. Bryan married early in life a daughter of Wm. Shephard, of Newbern, and sister to Charles, James, and Wm. B. Shephard. The issue of this marriage was thirteen children, eleven of whom survive him.

The loss of such men as Mr. Bryan is always heavily felt, for the country needs such, and at no time more than at the present. He would never qualify his position for place or to suit the temper of the times. Like Themistocles, his great strength of character lay in that quality which he possessed to inspire the confidence of others. No man ever doubted his word, and no man ever suffered injustice at his hands.

His public acts are known to the State and are a part of history. His private life was one of purity and unspotted integrity, and may be pointed to as worthy of imitation, and exemplifying the virtues of Justice, Temperance and Truth.

The loss of his noble son, the woe and anguish which has fallen upon his ruined country was more than old age and his sensitive soul could bear. His domestic felicity was as complete as ever falls to the lot of man. The happiness and welfare of his loving wife and numerous children were the special objects of his care. No family were ever more obedient or devoted to its head. They do not sorrow alone, but have the sympathy of numerous friends and of the entire community.

COMPROMISE.

We hear a great deal of talk, now a days, about "compromise," "conciliation," and "concession." These are fascinating terms, and calculated to win upon the feelings of good men.

Our Federal and State Constitutions were originally based on a compromise of conflicting interests and opinions. At the time of the adoption of the Federal Constitution, the South was unanimously opposed to the African slave trade, but for the sake of compromise, she agreed that the North, which had many ships in that trade, should continue to carry on their traffic in human souls, until the year 1808. As a compensation for this indulgence, the North agreed with the South, that whenever any of the slaves of the latter escaped to the former, they should be returned to their masters.—And thus the compromise was effected by mutual concessions.

We hear of some very strange compromises, recently. Holden, Pool, Caldwell and the native Radicals, have been exceedingly anxious to compromise with the old Whigs and thus form a coalition against the old Democrats and the carpet baggers, making the latter the scape goats of all the corruption, peculation and extravagance that is justly chargeable to Gov. Holden's administration.

The old Whigs have properly scorned all such unholy and corrupt association and alliance.

We hear that, in Davidson county, our friends are about to compromise on candidates and to take a Republican who has been twice convicted of perjury, in this county. We cannot understand such compromises. If we cannot elect in that county without such combinations and coalitions, it were better to be defeated.

Such men, even if elected as Conservatives, would serve Holden only, because of the probable need they would stand in, of Executive clemency, and hence it would be to their interest to serve him.

We hope the true men of Davidson will determine to go down in defeat rather than attempt to win a victory by such inglorious means, worthy only of Holden, Snead and Stephens.

The personal difficulties among our friends in Johnston have all been compromised, and we learn that they have agreed upon a strong ticket there. On Saturday next, we look for a settlement of all difficulties among our friends in Orange, which is in relation only to candidates and not to principles.

The masses of the people in every county can amicably adjust all differences that have grown up among aspirants for office, and we hope they will do it.

The curse inflicted on the counties in the shape of Boards of Commissioners with high pay, instead of the old county Courts with little or no pay; and seven dollars a day for members of the Legislature, instead of three dollars, we fear have had much to do in increasing the number of those anxious to serve the country.

If the aspirants for office will not conciliate and settle matters among themselves, let the people take the matter in hand and do it for them. Let us compromise all differences among ourselves, and even with honest Republicans, if we can find them, and it will be the better for the country.

But no compromise, say we, with convicted or unconvicted perjurers and felons, nor with those who have plundered the State and oppressed the people, or connived at the actions of those who have done so.

"LOOK HERE UPON THIS PICTURE—THEN ON THIS."

We propose, from time to time, to present to the people a comparative statement of the expenses of our State government now, under Radical rule, and what the expenses were immediately before that party came into power. We give to-day a comparative statement of expenses, in the aggregate for each department for the fiscal year from September 30th 1866 to September 30th 1867; and the fiscal year from September 30th 1868 to September 30th 1869, after the Radical administration had come into power.

We are indebted to a friend for the compilation here following. Hereafter we shall give comparative statements of the public expenses under the two *regimes*, in detail, by which the people will see some strange exemplifications of Radical economy. But to the figures.

From September 30th, 1866, to September 30, 1867. See page 41, &c., Comptroller's Report, 1866 '67.

JUDGE CLOUD.

We have a lengthy communication from Lexington, purporting to come from a Republican, complaining of, and showing up Judge Cloud's stupidity.

We are really afraid to publish this communication, lest it might "grossly misrepresent" the proceedings of a Court, in which event Judge Cloud might have us put in the Penitentiary.

The communication represents Judge Cloud as permitting a Juror in some case before him to leave and go home, and then ordering the other eleven to be locked up until they should agree on a verdict.

They had failed to agree up to Tuesday of the second week, and the Judge had threatened to take them around the circuit with him until they should agree.

If we can be assured that our Republican correspondent does not exaggerate, or misrepresent the proceedings of the Court, we will publish his letter.

Cloud wanted to burn the woods of Surry to run out the deserters, in the days of the Confederacy, showing that he is a man for desperate remedies, and it may be that "Republican" has truly represented him in this jury case.

DISCREPANCY.

The question of Gen. Clingman's age seems to be exciting considerable attention. We thought that curiosity on this subject would have been confined to the girls, or rather, to the old maids and widows of somewhat advanced age. But such, it seems, is not the case; the men are taking up and canvassing the question of the General's true age, so often discussed by the girls of a former generation.

An old subscriber, writing from Huntsville, Yadkin county, says he has seen the family Bible, and that it is there recorded that the General was born, July 27th 1812, which would make him 58 next July. But another letter, written from Buncombe county, the place of the General's nativity, says he was born 27th July, 1800, which places him at three score and ten, next midsummer, the age we intimated in the first opinion we ventured on this important subject.

Bullock has packed and corrupted the Legislature of Georgia until it is feared the State will be made bankrupt, like North Carolina, at Congress allows the present members to hold their places. It is this plundering scheme which makes the fight so bitter in Congress. The friends and partners of Bullock are represented by General Butler, who has prepared a bill which provides for the admission of the State to representation, but authorizes the organization of the State militia. The tenure of the Legislature is left entirely out of the question, which is, of course, a trick of Governor Bullock and his Radical crew, who will then claim the right, and probably enforce it with their militia when the time comes, to hold the Legislature in power for nearly two years more. By that time the orange will be thoroughly squeezed, and then Bullock and his confederates will abandon the field. This is their plan.—*Phil. Age.*

Last Saturday night some one set fire to a dwelling house that belonged to old Mrs. Warren in Snatchburg—not far from Milton—and burnt it down. Mrs. Warren had moved off and was living with one of her brothers at the time.—*Hillsboro Recorder.*

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, MAY 19, 1870.

Mr. Theo. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

CONSERVATIVE MEETING.

There will be a meeting of the Democratic and Conservatives of this city, at the Court House, on Saturday evening next, at eight o'clock, for the purpose of appointing delegates to the District Convention, which will shortly be held at Franklinton.

NEW ADS.—Read the new advertisements of Messrs. Upchurch & Dodd, J. M. Towles, T. H. Briggs and W. C. Stronach & Co.

Splendid new Bonnets and hats at Mrs. Beasley's, over Pescud's Drug Store.

CONTINUED.—The examination of witnesses in the Police case, was continued this morning, and is in progress at the time of going to press—no new developements.

We mentioned Mr. Scales, yesterday as "Chief of Police," whereas it should have been "Captain of the Night Watch."

We will notice the affair when it shall be concluded.

REMOVING THE DEPOSITS.—The State National Bank opened business in their new banking house, next to Tucker Hall, this morning, having effected the removal of the books, papers, &c., from the old stand of John G. Williams, & Co., a few doors above, after the close of business hours, yesterday.

We have heretofore noticed this fine and spacious building, designed and constructed by T. H. Briggs, Esq., of this city, Architect and Builder. No house in the city, occupying no more area of ground, has better facilities and conveniences for a family residence, or is more tastefully and elegantly finished.

The painting is by our enterprising and accomplished artist, Henry T. Clawson, who follows painting not only as a trade but as an art, and embellishes everything he puts his brush to.

The Banking room is well arranged for business, and has, we imagine, the best constructed and most thoroughly burglar-proof vault in the State; the work of Messrs. King & Whitaker, marble and stone cutters of this city.

The patrons and customers of the State National Bank will, hereafter, find, during business hours, the new bank open for their accommodation, and the polite officers and Clerks always ready to wait on them.

WILL HE SELL.—It is stated that Jim Harris, the Radical candidate for Congress, sold out to Deweese last year for $1,500, and that a certain neophyte is anxious to buy him off now at the same price.

Will Jim sell? We shall see what we shall see.

TEMPERANCE AMONG THE COLORED PEOPLE.—Albert R. Williams, who was among the first to inaugurate Temperance Societies among his race, in this State, has been appointed Agent for the State to organize Councils of colored men, under the name of "Sons of the Soil." He requests us to say that he will leave Raleigh on Wednesday, 25th inst., by way of the R. & G. Railroad, and will stop at each town and village, for the purpose of organizing Societies or Councils.

There is no politics in this movement, the condition and regulations of the order strictly forbidding it, and therefore, we commend his enterprise to the colored people among whom he may come.

TRIMMING THE TREES.—We noticed yesterday that the city authorities, or somebody else, are having the elms on Hillsboro street trimmed. This ought to be done on all the streets of the city where there are trees growing, or rather, ought to have been done some two months ago. It ought to be done, too, by or under the supervision of some one having taste and judgment in such things, as the health and growth of the tree, as well as the effect presented to the eye, depends on the manner of trimming.

MORE INCENDIARISM.—We mentioned Tuesday, the burning of the barn of Matthews, of Harnett County, on Saturday night last, and also, that of a widow lady, in the same neighborhood. A friend from that section informs us that, on Sunday night, the large barn of Mr. John C. Ballentine, in the same section, was fired and consumed with all its contents, the work of incendiaries.

More fruits of the Radical Legislative Address—more invocations of "the god of turpentine."

E. L. Davis, charged with killing W. A. Saunders February last, was tried in Halifax on Friday last and acquitted.

REQUIESCAT IN PACE.—Charles H. Snead, the Johnston county horse-thief, so called, in his communication to the *Standard*, some time since, desired that the SENTINEL should write his epitaph. Not having leisure at present for so profitless yet pleasant literary pastime, we adopt the following, handed us by a friend, and hope it will prove as satisfactory as it is true:

EPITAPH ON CHARLES H. SNEAD, ONE OF THE GOVERNOR'S J. FL, WHO DEPARTED THIS LIFE, AS HE OBTAINED HIS HORSES, IN SUCH A SLY MANNER, THAT NO ONE KNEW WHEN HE LEFT.

"Beneath this turf of grassy mead,
Lies the body of Charles H. Snead,
Who lived so much while he had breath
He lies here still though cold in death

Now Charles is gone, no need have we
To ward our stables with lock and key,
And horses may through the pastures roam,
And at night return back safely home.

To grassy Sam, who loved Charles so,
We say, give o'er your grief and woe,
For Charles has gone to old Nick's sty,
Where Sam will meet him by and by."

It is said that epitaphs are generally exaggerative, but we submit that there is "more truth than poetry" in the above.

WINDING UP PIC NIC.—Many of the scholars belonging to the M. E. Sunday School could not go with the excursion to Hillsboro', on Tuesday; especially the very small ones, whose parents, not being able to go, were unwilling to trust them on the train in so large a crowd. So, to make amends to them for the pleasure of which they were thus debarred, some of the ladies connected with the school, got up an extempore pic-nic for their especial benefit, in the grassy lot adjoing the Church, where tables were spread, in the cool of the afternoon, yesterday, and some thirty or forty of these little people enjoyed a feast of good things with, perhaps, as much keen relish as did those who went to Hillsboro'.

NOTICE—BENEFICIAL TO ALL WHOM IT MAY CONCERN.—Persons indebted to the undersigned, will come forward and settle within 15 days from date, if not their names, amounts (and what for!) will be published for 30 days. PHIL THIEM.

Charlotte is making big preparations to celebrate the "20th of May" appropriately.

Rev. H. Hatcher, will preach in the Baptist Church to-night.

To secure the greatest uniformity in the different parts of Watch movements manufactured at Elgin, Ill., and the nearest approach possible to perfection, the work is repeatedly tested by gauges that record accurately one twenty five hundredths of an inch, and if the gauge shows this small variation from the standard, occasioned by the wearing away of the cutting tool in use, the machine is re adjusted. Such near approach to perfection attained by the use of machinery in the manufacture of Elgin Watches, is out of the question in the hand system of the Swiss, English and French.

For the Sentinel.

COMPANY SHOPS, May, 15, 1870.

Mr. Editor:—Although we are all loyal here—necessarily so—yet Judge Tourgee don't think so. In going from Greensboro to Roxboro, he traveled in a buggy. He came within seven miles of this place; then turned off to the left instead of coming on direct, crossed Reedy Fork and swam Haw River with horse and buggy.

He traveled by-roads and private ways until he came to Leonard Rippy's, where he stayed all night. Leonard is loyal, as he has been ku klukked for his too great intimacy with a colored lady—perhaps, by some of the colored lady's own kinsmen.

I see it stated that Judge Tourgee refused to hold Court in Alamance, because the county had been declared in a state of insurrection. I don't think he is in any danger, if he will come among us and stay with decent people, but if the ku klux had come up on him at Leonard's, I don't know but he might have fared no better than Leonard did.

Yours,
ALAMANCE.

IN TROUBLE.—One of the Lenoir county delegates to the congo-radical convention at Raleigh, got into trouble on his way from Raleigh to Goldsboro. Not having the fear of the VIII Commandment before his eyes he stole a bran new hat the property of our townsman Robert Everitt. For this he was arraigned before Justice Cogdell who, in default of bail, committed him to jail where he remained until the following day when he was bailed out by a brother delegate, Mr. Loftin, the Radical Mayor of Kinston. The name of this unfortunate Lenoir representative is Benj. Palmer, a gentleman of African descent, by which he appears conspicuously among the published list of the Lenoir county delegates. He will doubtless be nominated as one of the candidates for county commissioners.—*Goldsboro Messenger.*

A PERSON COUNTYMAN SHOT HIMSELF IN GA.—We learn that a very sad accident befel Mr. W. B. Cobran, of Mt. Tirzah, Person county, last Monday morning while in Washington county, Ga., selling Tobacco. He was trying a revolver to make it revolve right and the pistol went off and shot him in the right breast, the ball lodging in his shoulder. A gentleman arrived here this morning, having made the trip in twenty-seven and a half hours, and is on his way to Mt. Tirzah for Mr. Cothran's wife to go and see him. The wound is thought to be fatal though there are some hopes for his recovery.—*Hillsboro Recorder.*

MILL BURNT.—On Tuesday, Dowd's Mill in this county, about ten miles in the country, was consumed by fire, supposed to have been the result of accident.

At the time of the burning, a fishing party from this place had deposited in the mill house their harness, luncheon and other comforts which fishing parties usually take along with them. All of these articles were consumed with the mill.—*Charlotte Observer*

STORE BURNED AT MARGARETTSVILLE.—We learn that on Friday night last the storehouse of Messrs. Carr & Johnson, at Margarettsville, on the S. & R. R., with almost its entire contents, was destroyed by fire, entailing upon these gentlemen a loss, in goods and accounts, of some $2,500. The fire occurred between 8 and 9 o'clock and was occasioned by an attempt to fill a lamp with oil while the lamp was lighted, thus setting fire to the oil in the lamp, and this communicating with a barrel of oil near at hand caused it to ignite. This is another warning against the careless habit of filling lamps or of drawing oils at night—such things should be done in the day time only.—Only a few barrels of flour was saved from the store.—*Roanoke News.*

A New York paper rules that "as between a newspaper reporter and a dead man, it is our duty to believe the reporter."

WASHINGTON, May 18.—Revenue to-day $619,000.

Kilpatrick, minister to Chili, has resigned.

THE DOWNIES DU MORTIE WEDDING.—How is This?—One Leonard H. McCabe publishes a card in the Newport (R. I.) *News*, stating that Rent "De Mortie, about to be married to a daughter of George F. Downing, the wealthy colored Caterer, in this city, was married to his (McCabe's) sister in 1864, and that his wife is still living in Newport, where he deserted her a year or two after marriage; that he is no Frenchman but a negro and formerly a slave. He says that the necessary documents have already been forwarded to Washington for a stay of the proceedings." Notwithstanding this publication, the wedding will come off as announced at Downing's residence this evening at eight o'clock; Rev. J. V. Lewis, of St. John's P. E. Church officiating, and will be strictly private. Downing says the statements about De Mortie having another wife are false.

Attorney General Hoar has decided that Internal Revenue officers may be considered as informers in cases of fraud against the government and receive the moieties which the informers would be entitled to, except where the information is obtained through sutain processes of law, which are mentioned in the decision.

Judge Fisher and Mr Bradley partially settled their old suit-suit difficulty by a personal collision yesterday. De diey struck Fisher with a cane when they clinched, and after a sharp rough and tumble were separated.

A bill passed allowing honorably discha ged soldiers to enter quarter sections in at circular sections of the public lands on lines of railroad.

The morning hour was occupied in discussing the bill to revise navigation and commerce.

The naval appropriation bill was next taken up and pending its discussion the House adjourned.

Lafrance has secured a patent for his Ramie machine. Gen Capron, Commissioner of Agriculture and other experts have taken great interest in the machine. The general opinion is that it meets the necessities of the case.

SENATE.—In the Senate the day was devoted to the discussion of the bill to enforce the 15th amendment.

Mr. Sumner's session will be devoted to the anti-polygamy bill.

NEW YORK.

NEW YORK, May 18.—There were twenty-three bidders for gold to-day at 14½ to 14 ninety-nine hundredths. The total bid for was $3,650,000. The awards will amount to just million, at 14 seventy-one hundredths to 14 seventy-nine one-hundredths.

FOREIGN.

LONDON, May 18.—The valuable stationary in Christ church, Oxford, was recently removed during the night and burnt into lime! The press is severe against the perpetrators of this outrage.

This evenings edition of the *Times* has the following details of the international yacht contest: "Both yachts were becalmed for a short time. The Cambria was the winner for the first twenty miles of the race. Which beat to windward and weathered the Sappho under the bowsprit. Between there and the station she tacked to windward of her fourteen times successively. The Sappho, from her gun length of lee reached all weathered on the Cambria doubling the mark forty seconds ahead. Here the interest in the race ended. The mark steamer had to take the Cambria in tow as she drifted with the tide. A good breeze prevailed for the first seven or nine miles. The struggle for the weather position caused considerable excitement, & due no fog prevailing during the greater part of the time.

PARIS, May 18.—This morning's edition of the *Marseillais* was seized.

Small pox of a dangerous type prevails alarmingly.

La Marseillaise has been condemned for an offence against the Emperor and for exciting hatred and contempt for the government. The author of the article specified has been sentenced to six months imprisonment and to a fine of one thousand francs; Maulien to imprisonment for one year and a fine of one thousand francs. SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE with which all are familiar.

Does for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and innjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *Highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with those ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
